The **Domain** for this log-in is **dhhs-ad\**. Your username for the Remote Desktop Access Website uses the first **three letters of your first name** then your **full last name**. As an example for user John Cook, the entry in the first box would be **dhhs-as\johcook**. The **password** for the Remote Access Desktop Website is obtained from the Division of Public and Behavioral Health's (DPBH) Office of Informatics and Technology (OIT) at 702-486-3699 or 775-684-5906. If you need a

Remote Desktop Access Website password reset please contact OIT and ask for a Remote Desktop Website (RDWeb) Access password reset.

Once you log in to the Remote Desktop Access Website you will have to navigate through various screens – see below.

Windows Security will issue a pop-up asking you to enter your credentials. This is the build-in defense that Microsoft Windows computers have for any connections to Remote Desktop Website Access. The credentials will be the same ones just used from Page 1 of this guide.
